Objective: - I am an ambitious, self-motivated, polite and co-operative student who is able to combine a polite manner with razor-sharp efficiency. I always try to learn new and different technologies. I have great interest in Web-development and programming. Doing work with web-sites and programs is my passion. Now I want to build my career in this field. So, I am looking for co-op for my program so that I can start my journey in IT.
